

TOWN OF LAC DU BONNET

Minutes of the special meeting of the Council of the Town of Lac du Bonnet held at the Town Beach on August 26, 2009 at 6:05 p.m..

Present:	Mayor	Paul Chapman
	Councillors	Norman Plato
		Bill Campbell
	Office Assistant	Twila Stamler

Also Present: Fern Doucett

The reason for the meeting was to decide where the new washrooms will be built.

Mr. Doucette presented where he wanted the washrooms to be built which was closer to the play structure on top of the hill. It was the consensus of council that it would be better to have the washrooms in the corner closer to the side road. Mr. Doucette said they would need to build a retainer wall but that is was very possible. There would have to be a bit more of the washroom exposed as opposed to being mostly underground. This washroom will need to be wheelchair friendly. The washrooms would face the beach with the doorways also facing the beach. The new washrooms will be 22' X 26'. It was discussed that the tall fir trees should be cut down as they are hiding the dock area from the road. There will definitely need to be landscaping done and the area to be staked & surveyed. The washroom construction will start the same time as the condos.

TOWN OF LAC DU BONNET

Mayor Paul Chapman
